Presentazione

La bibliografia che troverete nelle pagine che seguono offre una panoramica degli articoli scientifici pubblicati nel corso del 2023 da soci dell'Associazione Italiana per lo Studio del Dolore. Alcuni di questi articoli vedono i soci come autori principali, altri come coautori.

Abbiamo pensato di raggruppare questi articoli in un'unica lista bibliografica per dare maggiore visibilità all'impegno di ricerca dei soci AISD.

Gli articoli non sono catalogati per argomento, si tratta di una semplice lista costruita tramite ricerca su PubMed e riferimenti bibliografici inviati dai soci. Tramite la funzione "cerca" si possono individuare nomi o argomenti.

Ci auguriamo che l'iniziativa sia gradita e invitiamo i soci ad aggiornarci sulle loro pubblicazioni. Ricordiamo infatti che nel sito www.aisd.it da alcuni anni è presente una sezione, visibile già nella homepage, dove man mano inseriamo i riferimenti bibliografici e l'abstract degli articoli segnalati dai soci.
